No. 6

Clark University
Directory of Alumni, Faculty
and Students.

Compiled By

IT is one of the many ambitions of the Library to assist the Alumni Association of Clark University in every possible way. With this end in view the following Address List of all who have been connected with the University since its opening, twenty-six years ago, has been printed.

The value of such a list depends upon its accuracy, and the Librarian entertains the sincere hope that each alumnus will, so far as he can, help to fill in the many gaps almost inevitable in the first edition. With such assistance it will be possible to revise the list from time to time.
